About Us

In a charming fortuitous encounter in 2008, Robert Robinson met Brazilian, Fabio Ferrerira, when Rob served Fabio a coffee from his cart in a London street market. Fabio grew up in a family of coffee farmers and has spent his life travelling the world, learning everything there is to know about coffee.

With their passion for product, from coffee came cocktails and the natural extension from morning flat whites to evening espresso martinis.

Notes now operates 7 coffee & cocktail bars in London, offering the perfect spaces for private hire events, group bookings and smaller area reservations.
